

§ 301.75-6 Interstate movement of regulated articles from a quarantined area, general requirements.

Regulated articles may be moved interstate from a quarantined area into any area of the United States except commercial citrus-producing areas if all of the following conditions are met:

(a) *Inspections.* (1) In the quarantined area, every regulated plant and regulated tree at every nursery containing regulated plants or regulated trees is inspected for citrus canker by an inspector at intervals of no more than 45 days.

(2) *Treatment of personnel, vehicles, and equipment.* In the quarantined area, all vehicles, equipment, and other articles used in providing inspection, maintenance, harvesting, or related services in any grove containing regulated plants or regulated trees must be treated in accordance with § 301.75-11(d) upon leaving the grove. All personnel who enter the grove or premises to provide these services must be treated in accordance with § 301.75-11(c) upon leaving the grove.

(b) Regulated plants and trees produced in a nursery located in a quarantined area that are not eligible for movement under paragraph (a) of this section may be moved interstate only for immediate export. The regulated plants and trees must be accompanied by a limited permit issued in accordance with § 301.75-12 and must be moved in a container sealed by APHIS directly to the port of export in accordance with the conditions of the limited permit.

§ 301.75-7 Interstate movement of regulated fruit from a quarantined area.

(a) *Regulated fruit produced in a quarantined area.* Regulated fruit may be moved interstate from a quarantined area into any area of the United States except commercial citrus-producing areas if all of the following conditions are met:

(1) During the year before the interstate movement, the grove producing the regulated fruit received regulated plants only from the following nurseries:

(i) Nurseries located outside any quarantined areas, or

(ii) Nurseries where an inspector has found every regulated plant free of citrus canker on each of three successive inspections conducted at intervals of no more than 45 days, with the third inspection no more than 45 days before shipment.

(2) No more than 30 days before the beginning of harvest, every tree was inspected by an inspector and the grove was found free of citrus canker. Further, in groves producing limes, every tree was inspected by an inspector and the grove was found free of citrus canker every 120 days or less thereafter for as long as harvest continued.

(3) The regulated fruit was treated in accordance with § 301.75-11(a) of this subpart.

(4) The regulated fruit is free of leaves, twigs, and other plant parts, except for stems that are less than one inch long and attached to the fruit.

(5) The regulated fruit is accompanied by a limited permit issued in accordance with § 301.75-12. The boxes or other containers in which the fruit is packaged must be clearly marked with the statement "Not for distribution in AZ, CA, HI, LA, TX, and American Samoa, Guam, Northern Mariana Islands, Puerto Rico, and Virgin Islands of the United States."

(b) Regulated fruit produced in a quarantined area that is not eligible for movement under paragraph (a) of this section may be moved interstate only for immediate export. The regulated fruit must be accompanied by a limited permit issued in accordance with § 301.75-12 and must be moved in a container sealed by APHIS directly to the port of export in accordance with the conditions of the limited permit.

(c) Regulated fruit not produced in a quarantined area. Regulated fruit not produced in a quarantined area but moved into a quarantined area for packing may be subsequently moved out of the quarantined area only if all the conditions of either paragraph (b)(1) or (b)(2) of this section are met.

(1) Conditions for subsequent movement into any area of the United States except commercial citrus-producing areas. (i) The regulated fruit was accompanied to the packing plant

by a bill of lading stating the location of the grove in which the regulated fruit was produced.

(ii) The regulated fruit was treated in accordance with §301.75-11(a) of this subpart.

(iii) The regulated fruit is free of leaves, twigs, and other plant parts, except for stems that are less than one inch long and attached to the regulated fruit.

(iv) The regulated fruit is accompanied by a limited permit issued in accordance with §301.75-12 of this subpart.

(2) Conditions for subsequent movement into any area of the United States including commercial citrus-producing areas. (i) The regulated fruit is accompanied by a bill of lading that states the location of the grove where the fruit was produced, the variety and quantity of fruit, the address to which the fruit will be delivered for packing, and the date the movement of the fruit began.

(ii) The regulated fruit is moved through the quarantined area without being unloaded and no regulated article is added to the shipment in the quarantined area.

(iii) The regulated fruit is completely covered, or enclosed in containers or in a compartment of a vehicle, both during its movement to a packing plant in a quarantined area and during its movement from a packing plant in a quarantined area to destinations outside that quarantined area.

(iv) At the packing plant, regulated fruit produced outside the quarantined areas is stored separately from and has had no contact with regulated fruit produced in a quarantined area. Any equipment at the packing plant that comes in contact with regulated fruit produced in a quarantined area is treated in accordance with §301.75-11(d) of this subpart before being used to handle any regulated fruit not produced in a quarantined area.

(v) The regulated fruit is treated at the packing plant in accordance with §301.75-11(a) of this subpart.

(vi) Due to the likelihood that they will be commingled with similar regulated articles collected from regulated fruit produced in a quarantined area, all leaves, litter, and culls collected

from the shipment of regulated fruit at the packing plant are handled as prescribed in §301.75-4(d)(2)(ii)(E) of this subpart.

(vii) The regulated fruit is accompanied by a certificate issued in accordance with §301.75-12 of this subpart.

§ 301.75-8 Interstate movement of regulated seed from a quarantined area.

Regulated seed may be moved interstate from a quarantined area into any area of the United States if all of the following conditions are met:

(a) During the 2 years before the interstate movement, no plants or plant parts infected with or exposed to citrus canker were found in the grove or nursery producing the fruit from which the regulated seed was extracted.

(b) The regulated seed was treated in accordance with §301.75-11(b) of this subpart.

(c) The regulated seed is accompanied by a certificate issued in accordance with §301.75-12 of this subpart.

§ 301.75-9 Interstate movement of regulated articles from a quarantined area for experimental or scientific purposes.

A regulated article may be moved interstate from a quarantined area if:

(a) Moved by the United States Department of Agriculture for experimental or scientific purposes;

(b) Moved pursuant to a Departmental permit issued for such article by the Administrator;

(c) Moved in accordance with conditions specified on the Departmental permit and determined by the Administrator to be adequate to prevent the spread of citrus canker, i.e., conditions of treatment, processing, growing, shipment, disposal; and

(d) Moved with a Departmental tag or label securely attached to the outside of the container containing the article or securely attached to the article itself if not in a container, with such
